TotalCases, TotalTests and TotalDeaths

A pie chart illustrating the distribution of COVID-19 statistics. The chart is divided into three segments: a large orange segment for TotalTests (70.67%), a blue segment for TotalCases (29.02%), and a very small red segment for TotalDeaths (0.31%). Each segment is labeled with its value and percentage. A legend on the right identifies the colors: blue for TotalCases, orange for TotalTests, and red for TotalDeaths.

Category	Value	Percentage
TotalCases	9728	29.02%
TotalTests	23693	70.67%
TotalDeaths	103	0.31%
